(Approximately 2,883,946 Residential + 250,634 Commercial + 4,221 Industrial = 3,138,801 Total Customers)

* Percentage based on the total number of customers of natural gas distribution utilities subject to Chapter 22, Natural Gas Competition, of the Public Utility Code, 66 Pa. C.S. §§2201 – 2212.

** Percentage represents alternative supplier load (volume of gas in MCF) billed during the reporting month, compared to the total load of the gas company.

*** In order to include information regarding the number of customers who have switched during the reporting month together with the percentage of load (volume of gas in Mcf) delivered by alternative suppliers, it is necessary to compile actual usage information based on monthly customer meter readings and billing processes. Complete usage data is not immediately available with the settlement process ranging from 30 to 60 days.
